Mr. Michael V'Dovick
Sparks Belting Company
3800 Stahl Drive, SE
Grand Rapids, Michigan 49546

Project Number: 10696

Dear Mr. V'Dovick:

Thank you for your continued interest in the Department of Agriculture's (USDA) Dairy Equipment Program. This letter is regarding your request for a new certificate for your Dura Drive Plus-3A, powered drive roller. It is my pleasure to reissue a new certificate as requested. The aforementioned drive roller is accepted for use in dairy plants that are approved for the USDA Dairy Plant Survey Program.

Along with this letter of acceptance, I have included a certificate. The certificate will expire in five years. It will be the Sparks Belting Company's responsibility to inform the USDA Dairy Grading Branch if there are any changes made to the design that was accepted, during the five year period, and to notify the USDA-Dairy-Grading Branch if they wish to renew their certificate after the five year period has expired.

If you have any questions concerning this report, please call me at (202) 720-1671. In future correspondence concerning this item, please reference to Project Number 10696.

The attached form, DE-101794, states the fee and expense charges associated with this review. Please do not pay these charges at this time. You will receive a billing document along with payment instructions directly from our National Finance Center.

Sincerely,

A handwritten signature in black ink, which appears to read "Rocklyn R. Bates", is written over the typed name.
